The home Economics Department is one of four departments which include under the Faculty of Technology and vocational Education, Institute for Teacher's Training and Education (IKIP) Jakarta Indonesia for level of strata one or the equivalent.

In 1984 The Home Economics Department became a part of Faculty of Technology and Vocational Education with three sub Departments (Study Programs) : (1) Clothing and Textile, (2) Food and Nutrition, (3) Health and Beauty.

As one of department which include under faculty of technology, Home Economics itself has a responsibility to expand quality of education, and quality of graduated student of Home Economics as well.

The graduated student of Home Economics expected to become educational profession with professional mastering and high academic ability, beside to answer a challenge of job field in industry (non educational profession) as well.

To reach that goal, some initiations have been done to renew the educational programs, among other : Flexible curriculum doings to students as in program of strata one (graduated) with has a skill capability is equal to a diploma three polytechnics.
