

Z 105     **A List of Venomous Spider of the World**

Joo-Pil Kim

동국대학교 응용생물학과, 한국거미연구소

In 1998, the order Araneae had been reported to systemize 105 families or 106 families by several arachnologists in the world. 137 species, 78 genera, 22 families of these spiders are listed as venomous spiders.

Z 106     **Key to the Infraorder Araneomorphae: Ecribellate  
(Fewer than Eight Eyes)**

Joo-Pil Kim

동국대학교 응용생물학과, 한국거미연구소

In 1999, 2 suborders of Araneae are known on the earth and only 1 suborder, Opisthothelae is listed from Korea and 2 infraorders (Mygalomorphae, Araneomorphae) are systemized in Korea. The author would give an account of taxonomic and pictorial key to infraorder Araneomorphae (Ecriellate: fewer than eight eyes).
